

Dear Neighbor,

I am running for City Council as a resident concerned about our quality of life.

Emeryville has become a regional success story — now we're in a position to negotiate for better benefits from future projects for all the people who live and work here.

I share the vision for Emeryville embodied in the city's new General Plan. We want to:

- ✓ Enjoy more parks and open space
- ✓ Get around town more easily by bus, bike, on foot, or in our cars
- ✓ See our students succeed through strong support for our schools
- ✓ Reduce our ecological impact
- ✓ Encourage families to settle and stay in Emeryville

The hard part will be implementing these goals. Stronger communication between all our partners and stakeholders is essential.

As a trained facilitator, on the City Council I will use my skills to find common ground among business, residents, workers and city leaders to improve our quality of life.
